

It's sun-care TIME!

You're almost ready to go on holiday... Dare to tan, just don't forget to protect. Do you feel more sexy when tanned? Join the club! All you really want when summer comes along is a golden tan while doing the right thing for your skin. Protecting your skin against harmful UV rays is crucial, after all, burnt, lobster legs and damaged hair are no fun. So we've rounded up the best sun tan lotions, creams and treatments out there, whether you want a high factor sun block or a makeup primer, these are the best picks around. Remember to apply generously before sun exposure. Re-apply frequently to maintain protection, especially after swimming, perspiring, towelling or prolonged sun exposure.

Body tan deepener Lancaster - Sun Beauty tinted jelly SPF 30

A deliciously silky, tinted jelly, one of Lancaster's iconic products and its stand-out best seller, has taken another leap forward in the tanning - and glamour - stakes. With a new SPF 30 index there is no limit to tanning, even with optimal protection. It's delicious texture and caramel color will give any skin a golden glow.

Everyday use The Blanc de la Mer - SPF 50 UV protecting fluid

Infused with the legendary healing energies of the Miracle Broth and the VibraWhite Ferment™ Blend, this illuminating collection targets uneven tone and infuses skin with light. Designed for daily high protection sunscreen for face & neck against potentially damaging light, this powerful, lightweight fluid formula helps to prevent the appearance of future discoloration while keeping skin comfortable, hydrated and soothed.

Deep nourishing hair treatment KIEHL'S - Magic elixir hair Restructuring Concentrate.

It contains a potent concentration of rosemary leaves and avocado oils that penetrate your hair and scalp with therapeutic action. When used in really sunny days your hair's manageability improves, it becomes softer and its natural shine is boosted. Apply a small amount to fingertips or directly onto dry scalp and hair using dispensing tip before shampooing. Massage formula throughout scalp in circular motion. Wait 10 minutes for maximum benefits. Rinse thoroughly or shampoo. Use regularly to maintain hair health.

High protection face cream

LANCÔME - Soleil bronzer SPF 30

Born from the innovative combination of an advanced broad UVA-UVB filter system, Vitamin E and a luxurious oil trilogy, this smoothing protective cream efficiently protects the skin against UVA and UVB rays. Day after day, nourished with moisture, smoothed and protected, the skin unveils a luminous and even tan, with a satiny finished and an exceptional radiance. Thanks to the performance of its lightweight melting and delicately perfumed formula, skin immediately feels enveloped with a protective film. Water-resistant formula.

Medium protection Biotherm - Huile

Solaire Soyeuse SPF 15

This silky nutritive sun oil offers 3X more UVB protection than classic oils and twice as much protection from UVA rays thanks to an exclusive filter booster innovation. This new-generation oil provides optimized protection in a deliciously silky non-sticky texture, leaving the skin softened and sublime.

A lightweight makeup primer Giorgio Armani Beauty - Maestro UV Skin Defense Primer SPF 50

Its formula perfectly primes the skin for makeup to improve its texture and hold as it combats environmental elements that can age the skin, including pollution and sun rays. Broad Spectrum SPF 50 provides completely transparent anti-UVA/UVB filters that disperse onto the skin and provide invisible absorption of UV rays to prevent them from reaching the skin. The filters also blur imperfections, absorb oil, and smooth the skin for all-day, shine-free, gorgeous results.
